

RESUME: Priya Nair

ROLE: Data Scientist

EXPERIENCE: 5 Years

COMPANIES WORKED: 2

CONTACT: priyanair@example.com | 555-0100

PROFESSIONAL SUMMARY:

Accomplished Data Scientist with 5 years of professional experience.

Specialized in building efficient systems, design patterns, and scaling infrastructure.

Demonstrated competence in Python, PyTorch, SQL, Pandas, Scikit-Learn, NumPy, Docker.

CORE SKILLS:

Python, PyTorch, SQL, Pandas, Scikit-Learn, NumPy, Docker

PROFESSIONAL EXPERIENCE:

Senior Lead Data Scientist at TechCorp Solutions (2022 - Present)

- Designed and built scalable features using modern methodologies.
- Reduced infrastructure overhead by 25% and improved performance.

Data Scientist at Startup Ventures (2018 - 2022)

- Built internal tooling, REST APIs, and database integrations.
- Integrated automated testing suites to reduce deployment bugs.

EDUCATION:

Master of Science in Computer Science, State University
